

PRACTICAL INFORMATION

FISCAL CODE

GENERAL INFORMATION:

The fiscal code is a unique alphanumeric code allocated to you. These codes are used for both identification and tax purposes throughout Italy.

YOU NEED THIS DOCUMENT TO:

- Buy a SIM card;
- Sign a phone or internet connection contract or to buy an internet dongle;
- Open a bank account (it costs much less to transfer money using a current account than it does with other Money Transfer systems);
- Sign a contract (e.g. to rent an apartment or a room);
- Register on the Italian National Health System (when you register, you will be allocated a GP who you can contact in the event of health problems).
